

STUDENTS HONOR
WINNING CADETS

Captain Nash, of Company K,
and His Command, Receive
Many Felicitations.

For two hours today students of "Tech," otherwise McKinley Manual Training High School, celebrated the victory of Company K, Elbert T. Nash, captain. Until late last night the celebration at the school had continued, and this morning a glorious victory, third in succession for the Seventh street and Rhode Island avenue school, was further celebrated.

All the staff officers of the regiment and all the defeated company captains were at hand to felicitate the victors, and there were addresses by Superintendent Davidson, Assistant Superintendent Thurston, Principal Daniel, former President of the Board of Education Oyster, and by all officers. The company commanders who manfully bore up under defeat yesterday were heard today felicitating Captain Nash, the members of his company, and "Tech" students in general, and when they had finished Col. Samuel Leonard, the lieutenant colonel of the High School Regiment, and the three battalion majors made speeches. So did Adj. Reuben Schmidt, himself a McKinley High student. It was his whose march to the southeast end of the park at dusk last night told the waiting thousands that McKinley High had once more borne off the honors.

Formally Assembled.
All the students of McKinley High were formally assembled when 9 o'clock came, and their concerted yells until 11 o'clock were punctuated only by the addresses and by school songs.

When Captain Nash rose to speak the applause was deafening. He briefly acknowledged the congratulations which had been heaped upon his company. Sharing in the chief honors with him were the lieutenants of Company K, Karl W. Miller and H. Ernest Galleher. The eyes of these and other "Tech" students gazed with evident pleasure at a flag heavy with the colors of twenty-six companies which have won this emblem of military supremacy in the High School Regiment.

For the third successive time that flag, heavy with the colors of twenty-six winning companies, is alofted in the school building at Seventh street and Rhode Island avenue. Its pole in the barrel of a rifle carried by a sergeant of Company C, of "Tech," the flag was taken to the drill ground yesterday afternoon, surrendered, and in one hour more the flag was back in the barrel of another rifle carried by a McKinley High School boy.

Receives Flag.
From General Andrews Captain Nash received the flag of victory. From Assistant Superintendent of Schools E. L. Thurston he got the Alliance-Naylor gold medal, which is his for a year, from Chapin Brown, of the Chamber of Commerce committee, a replica of the Naylor medal, which is his permanent possession. Ribbons go to the other members of the company.

Then the regiment was dismissed, and "Tech" students, swarming on the field, hoisted the three officers of the company on their shoulders and marched shouting and singing in exuberant, gladsome glee. Other schools held celebrations, but they naturally lacked the joy of that at McKinley High.

The Judges.
The judges of the drill were Major F. J. Koester, U. S. A.; Capt. R. O. Van Horn, U. S. A.; and Capt. R. E. Ralston, U. S. A. After the reviewing party with General Andrews were the three judges, President Henry P. Blair, the Board of Education, Mrs. Edith Kingman Kern, John B. Larner, Mrs. Caroline Harris, Dr. Charles H. Marshall, and W. T. Gallier, fourth sergeant, Superintendent William M. Davidson, Assistant Superintendent E. L. Thurston, Miss K. C. Andrews, and the following members of the Chamber of Commerce committee, Captain Brown, Capt. James E. Oyster, Captain W. F. Cox, Dr. B. W. Everman, and Thomas Grant.

The roster of the winning company is as follows:
Captain, Elbert T. Nash; first lieutenant, Karl W. Miller; second lieutenant, H. Ernest Galleher; first sergeant, Simon Wassermann; second sergeant, George E. Haines; third sergeant, Henry A. Berliner; fourth sergeant, Clarence J. Rammeling; fifth sergeant, Carl H. Reis. Corporals, Milton F. Willis, William E. Greenwood, C. Wells Herbert, James G. Karnes, Charles E. Krey, William E. Lange, Frank W. Loeffler, and John H. York. Privates, Harry A. Armstrong, Howard D. Baxter, George R. Beck, Howard C. Beck, Jr., John Bittner, G. Arthur Blakeney, Edward J. Brozman, Paul Busck, Harry I. Clarkson, Morris Cohen, Anna C. Cooper, Stewart F. Corning, Jesse O. Creech, Stanley Cole, Calvin F. Claxton, William D. Desardorff, Ralph N. Bubbe, Martin E. Edwards, Charles R. Fadesley, Rudolph A. Faust, Edward W. Fordan, Henry J. Gurevitz, Reuben Schmidt, Victor H. Hartshorn, Fred E. Hildebrand, Lowell Himmeler, Alden L. Howard, J. Benjamin Humphrey, Clayton H. James, Charles M. James, Charles H. Knock, Martin Lamasure, David Menash, C. Gilbert Miller, Paul E. Murphy, Robert Rudolph, Alfred E. Ryan, Ralph P. Sabine, Alfred W. Santelmann, Harry M. Shaffer, Louis E. Smith, John D. Spalding, Fred R. Stiefens, Alfred J. Siemer, John V. Stockett, Harry L. Strang, Samuel G. Swain, William W. Talar, B. Dundee Wheeler, Courtney Whitney, Fay E. Wilkinson, Carl E. Wolf, Charles E. Young, Dewey Zirklin, and Charles R. Miller.

Fight Against Typhoid.

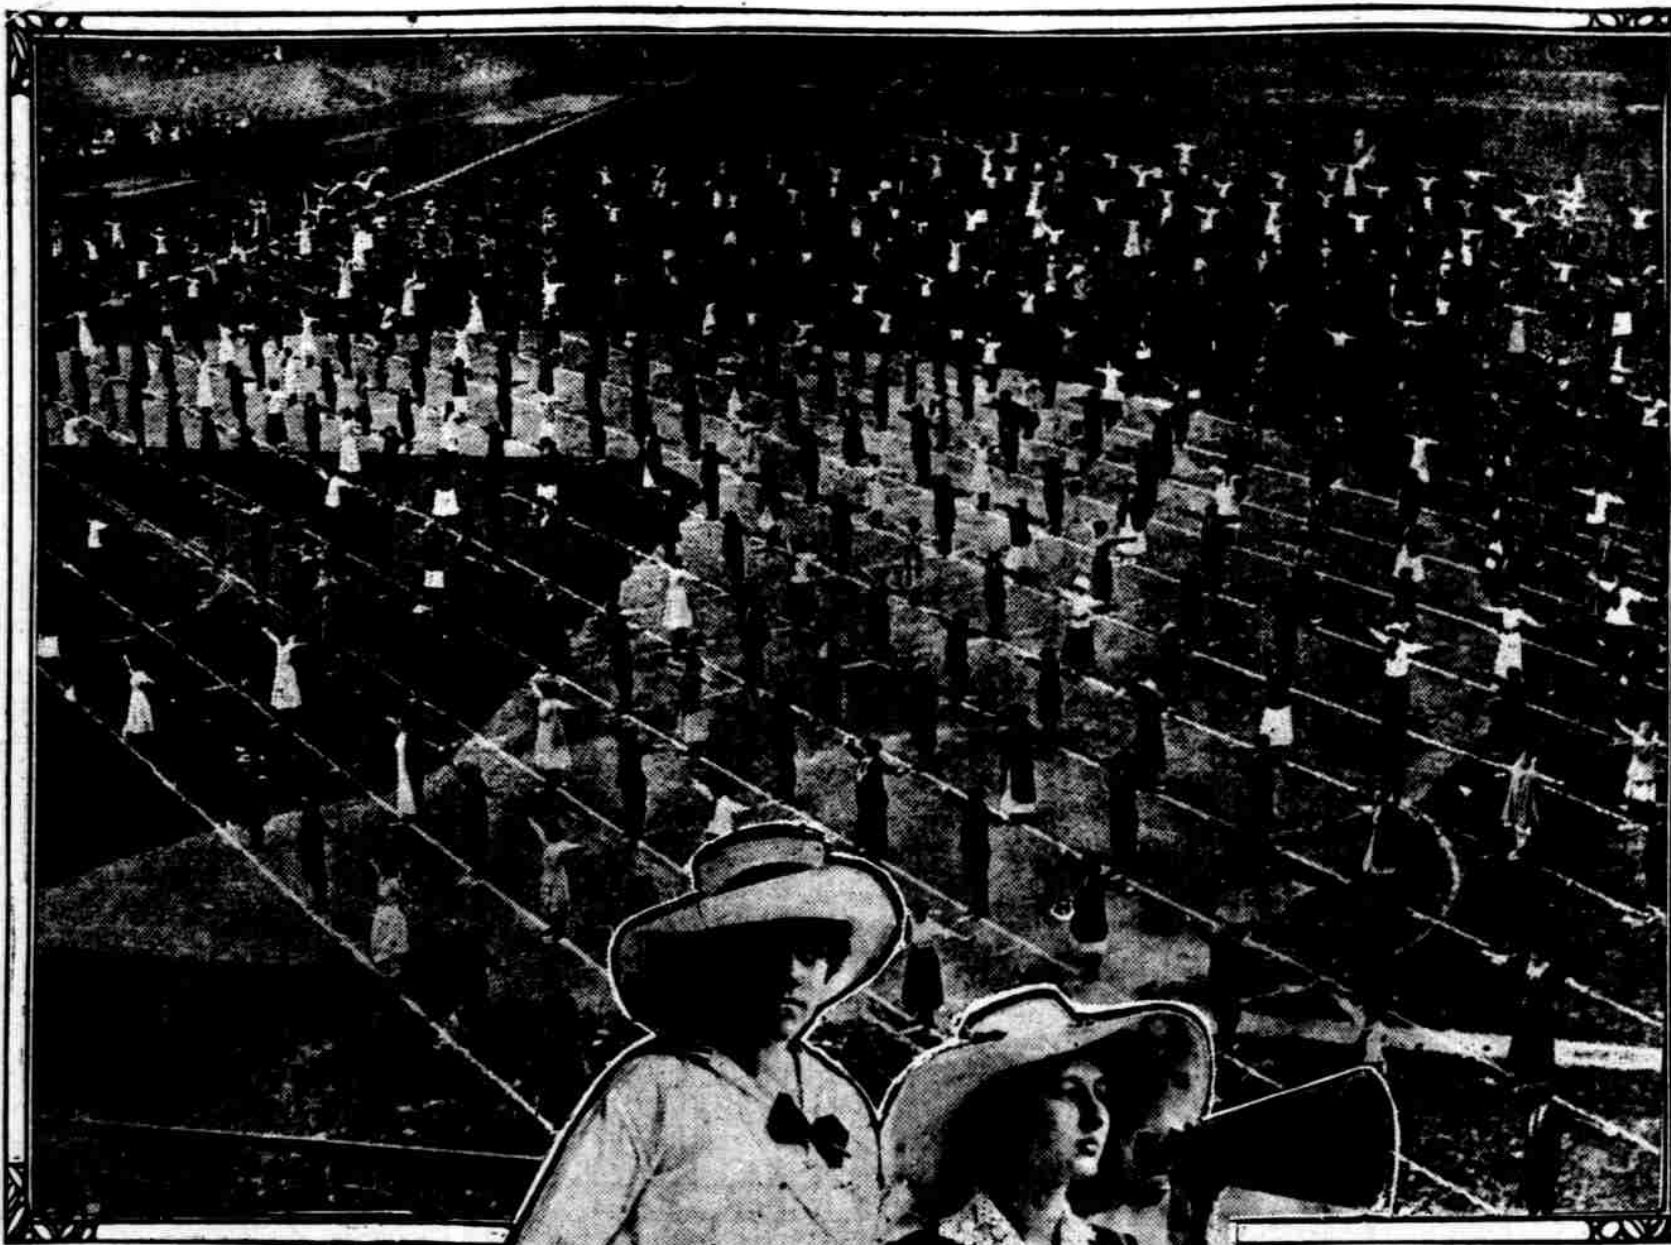

Major Frederick F. Russell, of the Army Medical Department, members of the Society of Research Workers in Experimental Biology how typhoid fever has been combated in the United States army in an illustrated lecture tonight at the Cosmos Club.

CAMP GOOD WILL TO
HAVE LIVELY TIMES

Navy Yard Outing Committee
Plans Seven Big Days for
City Children.

Seven big days at Camp Good Will, one each week for seven weeks will be conducted this year by the navy yard outing committee, as the result of a vote taken at the committee meeting last evening. The committee met in the office of Congressman Hughes of West Virginia, and after debate over the seven separate days and one continuous week propositions decided in favor of the seven big, but not successive days.

Last year, the navy yard committee paid for the upkeep of Camp Good Will for a week. This year it will bear the expenses on each of the seven days it has charged, and this plan will result in more tired children getting outings, though not for so long a time.

B. P. Donnelly presided at the committee meeting. The dates at Camp Good Will will not be chosen until some time in June. On May 30, the navy yard outing committee will have charge of the flag-raising at the formal opening of the camp, flag and flagstaff being the gift of the navy yard men.

Dressing Room for Brides.

NEW YORK, May 21.—The Church of the Incarnation is to build a brides' dressing room. It will be fitted with all conveniences so that a bride may rearrange her attire before marching to the altar.

And MISS M. E. CLARK, Leader of Wand Drill.

Charge Assaults
And Thefts to Him

Accused of being the man who early yesterday robbed three grocery stores and committed two murders, William Ayers, colored, eighteen years old, of 7 Fenton street northeast, is locked up at the Second precinct today on charges of housebreaking.

Ayers was taken in custody last evening by Detective Barbee and Policeman Bailey, of the Second precinct, while attempting to dispose of a pistol which, it is charged, he stole from the store of Mrs. Carrie Faunce, 1221 New Jersey avenue northwest, and which, it is alleged, he used to shoot at William Duffy, who discovered him in the grocery of Louis Buchwalter, 1130 North Capitol street.

In the store of James C. Hayes, 411 Ridge street northwest, the housebreaker hurled a lamp at Ida Hayes, the daughter of the proprietor, when she started to give an alarm.

According to the police, Ayers admits that he was the man who entered the three places. He will be arraigned in Police Court tomorrow.

Five Buildings Burned
At Ellicott City, Md.

ELlicott CITY, Md., May 21.—Five buildings were destroyed when fire early today swept through Main street here. Starting in the wheelwright shop of Charles Maxin, the fire spread to adjoining blocks. The fire department, finding that its apparatus was inadequate, sent hurry calls to Catonsville for assistance.

Maxin's general store burned soon after the wheelwright shop fire started. Then the flames leaped to an adjoining shop and thence to the house of J. H. Bronson, and the house and store of John Kerker, destroying them all. It was not until this block had been burned that the firemen began to get control of the situation.

MADRID, May 21.—A display of American live stock forms a prominent feature of the International Cattle and Agricultural Fair, which was formally opened here today with an address by King Alfonso.

Persons in Public Eye
Observe Birthdays

Senator Moses E. Clapp of Minnesota is observing his sixty-second birthday today and Congressman A. O. Stanley of Kentucky his forty-sixth. Other prominent people with birthdays on this date are Dr. Charles E. Hensley, a noted botanist, sixty-eight years old; former Gov. William M. O. Dawson of West Virginia, sixty years old; President E. J. James, of the University of Illinois, fifty-eight years old.

Voile or Lawn Waists, 98c
With a Touch of Color

They are pretty Waists—different from the usual 98c Waists, and are quite a change from the average all white lingerie Waists.

Those made of voile have deep collar, wide band down front and cuff of light blue, pink or tan with embroidery on each side of front, and trimmed with German Val. and Mechlin laces; another style has fine tucks down front, and again another model is of lawn with colored collars and buttons, finished with bow at neck.

All sizes in any style you may like best in these white waists with a "touch of color" selling here at 98c.

Second Floor—Waist Section.

Has the Luster of Silk—yet Washes Like Cotton

Do not let hot weather creep on you unprepared for it. Buy a lawn kimono tomorrow and pay but 42c. These are of lawn, in colors of blue, pink, lavender, and black and white effects, floral designs, piped down front and around cuffs with plain collar or black-and-white effects.

Main Floor—Bargain Tables.

CHILDREN APPEAR
IN PLAY FESTIVAL

Seven Thousand Grade Pupils
and Teachers in Brilliant
Pageant at Ball Park.

(Continued from First Page.)

ahead of the time originally planned and announced.

The smallest grade children in the schools were the first to appear this afternoon. Out swarmed the first grade pupils and assuming positions on the great checkerboard which had been marked off on the field, began the dance from the Humperdinck opera. "Let your hands go clap, clap, clap," sang the children, setting the action to the word. And then their feet went tap, tap, tap to the words and music of the second line. One of their other dances was familiar to the adults present. "All Around the Mulberry Bush," like "London Bridge," is one of the folk songs of childhood which those who went to school years ago knew, though it might puzzle them to tell offhand what is the "green sleeve" section of the great geographical sections of the sixth grade children later merrily tripped.

Nine hundred second grade boys and girls followed the first graders on the field. Red bean bags were their implement of concerted amusement. They represented twenty schools, forty-five of them to a school.

When they had finished the third grade children were due to appear, 360

You Can Live to Be a Hundred

If You Are Careful of Your Health.
Everything you eat or drink, whether normal or to excess, turns into nourishment and poison. Upon the proper discharge of the poisonous matter depends your health and long life. If the system becomes sluggish and inactive you have got to help it out. Some remedy is necessary to cleanse your body. What shall it be? You must be careful of cathartics, whose greatest value is in their advertising. You must select a remedy which is especially designed to assist Nature in this important task. A new and scientific combination called Hunyadi Janos Pills has just now been placed on the market. The owners have the word of eminent physicians and scientists that this combination is the most perfect, gentlest and most sensible remedy for Stomach and Liver Disorders, Constipation, etc. Their value and economy is in the small quantity which is to be taken—one or two pills at night—and the certainty of their action without griping. It will pay you to try them tonight. You'll see the reason why the next morning's Price 25c. Send for any up-to-date Drug Store, or by mail from A. Saxlehner, New York.—Adv.

of them. The program calls for their dancing of "The Danish Dance of Greeting," the "Boonmaker's Dance," and "The Merry-go-round."

One of the big events of the afternoon was due to come next. This is the shuttle race, in which ten teams of girls, sixteen to a team, representing the nine divisions and the Normal School, race back and forth in a to-and-fro relay. Each runner carries a flag, gives it to one of her team on the opposite side of the line, who, in turn, races across and surrenders it to a team mate. Number sixteen, fleetest of foot in the double octet, races for the finishing line.

Boys, also of the fourth grade, follow for a leap frog contest. There are ten teams of these, too, eight to a team.

When they have done their jumping, the sixth grade boys and girls leave their seats in the stands to show what exercise can be got systematically from "representative exercises," such as "driving a stake," "holstering a sail" and "hammering a nail." Seven movements in all were to be done by them.

Dumb-Bell Drill Last.

The fifth grade pupils follow the sixth. Reces games, like "Switch," "Roll Ball," "Cat and Mouse," and "Dodge Ball," are played by them, and they give way to more sixth-graders. 360 in number, who dance more folk dances. The seventh grade pupils now put out all hope of ever finding a cure, when I heard of Resinol and purchased some. The results were perfectly marvelous. I used three jars of Resinol Ointment, with Resinol Soap, and my hands are perfectly cured. I cannot find words strong enough to praise Resinol and want it has done for me. I wish everyone needing relief from that stubborn and torturing affliction would give Resinol a trial. I shall be pleased to answer any inquiry. (Signed) Mrs. Harry O. Jarboe, 211 St. N. W.

You can try Resinol free, for skin eruptions, pimples, dandruff, chaps, sores, boils, or piles. Sold by practically every druggist, but for trial write to Dept. 24-S, Resinol, Baltimore, Md.—Adv.
